

In the expanded search tab, you can search by Drainage District number to view maps and profiles.

The screenshot shows the 'Hancock, Iowa, Auditor's Office Records Search' web application. At the top, there is a logo of a building and the title 'Hancock, Iowa, Auditor's Office Records Search'. Below the title are two tabs: 'Simple Search' and 'Expanded Search', with an information icon to the right. The 'Expanded Search' tab is active. The search form includes a checkbox labeled 'Names Begin With' with an information icon. Below this are five input fields: 'Firm/Last Name' (containing 'DD 57'), 'First Name', 'Middle Name', 'Title', and 'Party' (a dropdown menu with 'All Parties' selected). There is also an unchecked checkbox for 'Add second name'. Below these fields are three more input fields: 'Index Type' (with 'Select Option(s)' placeholder), 'Document Type' (with 'Select Option(s)' placeholder), and 'Remarks, Description & Property' (with 'Search information contained in Remarks, Description & Property' placeholder). At the bottom of the form are two date pickers: 'Date From' and 'Date Thru', both with 'mm/dd/yyyy' placeholders. At the very bottom are four buttons: 'Search', 'Show Name Directory', 'Show Property Directory', and 'Clear Fields'.

To search by Drainage District, enter DD and then the district number. For example, to search for Drainage District 57, enter DD 57 in Firm/Last Name box and click Search.

To view the documents, click on the magnifying glass.
