

**Dust Control Notice
To Hancock County Rural Residents**

Any person desiring to have dust control on a section of road under county jurisdiction has the option to hire Hancock County Secondary Roads for dust control application or any of the approved contractors listed below.

Payment for the dust control applications will be made directly to the chosen contractor.

Jerico Services, Inc. at 800-397-3977

Using Calcium Chloride material
(typical treatment 400 linear feet x 20 feet in width)

Deano's Dust Control at 641-421-8622

Using Chloride products
(typical treatment 400 linear feet x 18 feet in width)

Hancock County Secondary Roads at 641-923-2243

Using Chloride products
(typical treatment 300 linear feet x 20 feet in width)

Scheduling of these applications will be the responsibility of the contractor selected by the resident. Hancock County will prepare the site prior to the application by the chosen contractor.

All questions regarding dust control and material used should be directed to the contractor at the phone numbers shown above.

Hancock County will not guarantee the effectiveness of the dust control treatment. Any complaints concerning the quality will be handled between the resident and the contractor they selected.

Hancock County reserves the right to perform normal maintenance (such as blading and granular resurfacing) through areas of dust control to level uneven or rough areas, without liability for the cost of any new dust control application. **NOTE: We will be blading through most dust control by middle of October to prepare for winter weather conditions.**

If you want Hancock County Secondary Roads to apply dust control, please call the office at 641-923-2243 before May 8th to get on the schedule and your site done in a timely manner. Requests after May 8th, will be scheduled at the county's convenience. Thank you.
